Description	Amount
Labor, material and equipment for the following work. Install sump pump system. Have MidAmerican Energy raise gas meter, remove deck flooring, close up two windows under deck that had dirt up on them and water running in through them. Seeded the soil, raised the grade and reinstalled the flooring. South side, raised the AC units, seal the soil and raised the grade. Front east side, seal the soil and raise the grade. 10-3-08 I gave Kathy Fountain a verbal cost of \$5850.00 she told me to go ahead with this work. We have been waiting for Mid-American Energy to do their work. Job is now complete. The work ran \$5892.00, I thought there was only one window hidden under the deck. Sales tax of \$138.96 is being charged on \$2326.00 which is the grade work. Iowa 6% sales tax	6,030.96
